Please complete this application clearly in BLOCK CAPITALS and tick the boxes where needed.

You must tell us about all material facts before we accept an application or renew the plan. A material fact is information likely to influence us in assessing and accepting the insurance. If you do not tell us all material facts or if you misrepresent any material facts, this may render the insurance voidable from inception (the start of the contract) and enable us to repudiate liability (entitle us not to pay your claims). If there is any doubt about whether a fact is material, for your own protection, you must tell us.

I Declaration

I declare that to the best of my knowledge and belief, the information in this application and in the Corporate membership census (attached) is true and complete.

I have read and understood the information provided on this application and the terms and conditions shown in the Plan guide and other documentation.

I agree on behalf of the planholder and the scheme members to accept and comply with the terms of the plan and in particular:

- i) to pay the premium for all persons insured by the plan in accordance with the policy wording;
- ii) to notify Archipelago Life Insurance Limited or its administrator promptly of any changes.

I understand and agree that, unless the agreed premium, the completed application and the details of all scheme members have been received by Archipelago Life Insurance Limited, no claims for treatment will be authorised for payment by the insurer.

On behalf of the planholder, I confirm that I understand that all material facts must be disclosed to the insurer prior to accepting the contract and that non-disclosure of material facts by the planholder or members may invalidate the plan. The insurer reserves the right to cancel the plan for non-disclosure of material facts.

On behalf of all persons to be covered I confirm consent to the processing and use of personal and medical details by Aetna and relevant third parties and for the purposes of processing this application, policy administration, service provision, reinsurance, claims validation and fraud prevention.
