

UltraCare plan

Group application

Continuation of Personal Medical Exclusions (CPME) transfer

Please complete this application clearly in BLOCK CAPITALS and tick the boxes where needed.

You (the plan sponsor or such person acting on its behalf) must, in accordance with Section 3 of the UK Insurance Act 2015, make a fair presentation of the risk to be insured by us under the UltraCare plan (and any applicable add-on plans) you are applying for. In summary, you must make sure that you disclose to us every material circumstance which you know or ought to know and, failing that, you must give us sufficient information to put us on notice that we need to make further enquiries in order to reveal material circumstances. A matter is material if it would influence our judgement as to whether to offer you insurance or the terms of that insurance (including premium). Every disclosure made to us by you must be made in a reasonably clear and accessible way and you must ensure that every material representation of fact is substantially correct, and that every material representation of expectation or belief is made in good faith.

If you breach your duty to make a fair presentation of the risk in relation to the plan, it may:

- entitle us to avoid your plan, refuse all claims and retain any premium,
- result in us applying different terms to your plan, or
- result in us reducing a member's claim payment to reflect the different premium which we would have charged in respect of that member.

In addition to the above, all members to be covered by your plan(s) must take reasonable care to answer any questions that we ask them honestly and to the best of their knowledge before we accept their addition to the plan(s). If any member does not answer any question correctly, it may:

- entitle us to avoid coverage under the plan for that member, refuse any claims made by that member and retain any premium paid by you for that member's coverage under the plan,
- result in us applying different terms to that member's coverage under the plan, or
- result in us reducing a claim payment to that member to reflect the different premium which we would have charged in respect of that member.

We will not carry out any searches or contact any other person (including any doctor) to check your answers or the information you provide with this application. This also applies to any information provided by any members in connection with their proposed coverage under the plan.

You should keep a record of all information that you have provided to us. If any of the details that you give in this application are different from those that you gave when you received your quotation, your premium may change.

J Declaration

I on behalf of the planholder have read and understood the information provided on this application and the terms and conditions shown in the Plan guide and other documentation.

- ii) to notify Aetna promptly of any changes in the information given to them in connection with this application (including any application to add a member to the plan).

I understand and agree on behalf of the planholder that, unless the agreed premium, the completed application and the details of all scheme members have been received by Aetna, no claims for treatment will be authorised for payment by the insurer.

I declare on behalf of the planholder that the planholder has made a fair presentation of the risk, by disclosing all material circumstances which it knows or ought to know or, failing that, by giving Aetna Insurance Company Limited sufficient information to put it on notice that it needs to make further enquiries in order to reveal material circumstances.

I understand that the insurer is only able to provide financial or administrative information regarding the group scheme to the scheme administrator and not details of group members' individual medical claims in compliance with data protection regulations, unless explicit consent has been obtained from the individual member concerned.

I understand that Aetna Insurance Company Limited may use organisations located in the EEA or elsewhere to process and handle data. Where an organisation is located outside the EEA, Aetna Insurance Company Limited will take all necessary steps to ensure the organisation provides appropriate guarantees in respect of the technical and organisational security measures and that transfer and processing complies with all relevant data protection and privacy laws.
