How to complete this form

One form must be completed for each patient, for each dental condition treated.

Assessment of the claim may be delayed if the patient/main member and the patient's dental practitioner do not complete all the necessary sections of this form.

Sections 1 to 5 must be completed by the patient, or the main member on behalf of the patient if the patient is a dependant under the age of 18.

Section 6 must be completed by the patient's dental practitioner unless the claim is for:

- a routine dental checkup.

For any other type of claim, we understand that it may not always be possible to have Section 6 completed by the dental practitioner. In such circumstances, we will process the claim if the invoices and receipts for the treatment costs incurred contain all of the following:

- diagnosis of the dental condition treated;
- treatment date;
- type of treatment including the tooth number, number of surfaces if restoration work was done and /or number of canals if Root Canal Treatment was done; and
- the dental provider's official stamp.

We may need to contact the patient's dental practitioner for more information in order for us to process the claim under the terms and conditions of the policy. We will tell you if we need to do this.

A quick guide on how to submit your claim. For detailed information, please refer to the "Your guide to making a claim" section in your Member Handbook.

Send us the claim within 180 days of the first treatment date. You must send the following items to make sure that we can process your claim:

Important information

Please remember these important points when completing your Claim form.

Section 5 – Payment details

- If you are not personally seeking reimbursement we will pay the treatment provider directly, as long as the payment instructions are shown clearly on the invoice.
- If you are personally seeking reimbursement, we will only issue payment to:
  - the patient if they are 18 or over;
  - the plan holder if the patient is under 18 and is a dependant under the plan; or
  - the parent or legal guardian named as the primary member, if the patient is under 18.
- Ensure that you are able to receive payment in the method and currency you have requested.
- We reserve the right to pass on any payment charges incurred by us for cancelling the original payment due to inaccurate information submitted to us.
- We will not be responsible for any payment shortfall due to exchange rate fluctuations and/or recipient bank service charges. Please contact your bank for further details.
- If you do not give us the sort code/routing code, BIC/ SWIFT code and/or IBAN number, you may incur additional bank charges and it will result in a delay in us paying your claim. You can find the payment information on your bank statement.
- Payment by foreign draft / cheque in certain currencies can result in long delays. These delays are beyond our control. We will not pay any bank charges incurred in encashing a foreign draft / cheque. We strongly recommend that, wherever possible, you choose to be reimbursed by bank transfer as this is the quickest and safest method of payment.
- We can make payment in most readily traded currencies and to most countries. In the event that we are unable to make payment in the currency or to the country you have specified, we will contact you to confirm an alternative currency. If you do not specify a payment currency, we will pay your claim in the base currency of your plan. For the current list of applicable currencies and countries please refer to our website.
- Your bank may ask you to complete additional paperwork before they can release our payment to you. This may delay your receipt of the payment and is outside our control.
- Whenever coverage provided by any insurance policy is in violation of any U.S, U.N or EU economic or trade sanctions, such coverage shall be null and void. For example, RSA & Aetna companies cannot pay for health care services provided in a country under sanction by the United States unless permitted under a written Office of Foreign Asset Control (OFAC) license.
