Reliable access to some of the world’s leading health care professionals

Aetna is committed to building strong and secure partnerships with health care professionals around the world — so that you have access to quality care when and where you may need it. That’s why we have negotiated simplified prepayment procedures with thousands of medical facilities worldwide. Called “direct-settlement” arrangements, these agreements make accessing care easier and cover any eligible up-front costs associated with your care or treatment, such as planned inpatient treatment, a maternity stay, day patient services or high-cost outpatient services such as MRIs and CTs. This is a significant benefit if you’re faced with a more expensive medical procedure.

For added convenience, we can also coordinate one-time arrangements if a health care professional is not in our direct-settlement database. We have a 95 percent success rate in negotiating these one-time arrangements. You also have the freedom to pay up front for care received at any health care professional worldwide, and submit a claim to us for reimbursement (subject to eligible cover).

To find a direct-settlement facility in your region, visit the Aetna International secure member website.

Your guide to making a claim

In order to ensure that members receive the best possible claims service, the procedures noted below should be followed in the event of treatment being required.

Please ensure your claim form is completed in full and returned within 180 days of the treatment date.

CLAIM SUBMISSION

We reserve the right to deny any claim that is not submitted within 180 days of the treatment date. Claims may only be made for treatment given during a period of cover. The benefit will only be payable for expenditure incurred prior to expiry or termination.

All required supporting claims documents and materials (including, but not limited to, original accounts, certificates and x-rays) shall be provided without expense to us. This includes medical reports from your medical practitioner or specialist and details of your medical history, if requested by us.

Charges from an attending medical practitioner or specialist for completing claim forms are not eligible for reimbursement under the terms and conditions of this plan. Members will be responsible for these costs.

We will require a medical practitioner’s or specialist’s referral to be included whenever filing a claim for the following treatments:

i) Chiropractic treatment
ii) Acupuncture treatment
iii) Osteopathic treatment
iv) Homeopathic treatment
v) Podiatric treatment
vi) Physiotherapy (additional referral by a specialist required after 10 sessions)

We accept soft copies of original receipts to start the claim process and to facilitate the assessment of your claim (i.e., if you submit claims via fax or e-mail); however, you should keep your original receipts on file in case they are needed for verification purposes.

CLAIM NOTIFICATION

The policyholder, or the insured person, shall inform us promptly upon becoming aware of the insured incident. When the policyholder, or the insured person intentionally or due to material default fail to inform us in a timely way and this causes difficulty in identification of the nature, cause, degree of loss, etc., then we shall not be liable for payment of insurance compensation for the portion that cannot be identified, with the exception that we ought to have know such incidents through other channels.

PRE-AUTHORISATION

We require members to obtain prior approval (pre-authorisation) from us before commencing the following treatments:

i) Planned inpatient or day patient treatment (hospitalisation)
ii) Any pregnancy or childbirth treatment
iii) Planned surgery
iv) Home nursing charges
v) Planned MRI, PET and CT scans
vi) Outpatient psychiatric

We also require pre-authorisation when seeking emergency evacuation. Failure to obtain pre-authorisation from us when commencing any of the above treatments may result in your claim being declined by us.

EMERGENCY/EVACUATION

In the event of a true medical emergency or evacuation, members may contact us at the appropriate number found on your Aetna International membership ID card.

INPATIENT AND DAY PATIENT TREATMENT

Our prior approval (pre-authorisation) must be obtained for all planned day patient and inpatient treatment.

Inpatient and Day Patient Treatment outside the U.S.

When we have been notified of an eligible day patient/inpatient stay, we will attempt to arrange direct settlement with the hospital and the medical practitioners or specialists concerned. We will send the hospital a guarantee of payment for the estimated cost of the treatment, as indicated by the relevant facility/provider, which will confirm to them that the treatment is covered under your plan.

- Release of Medical Information Form
  You will be required to complete a release of medical information form, which you should forward to us as soon as possible. Delays in completing this may result in delays in receiving treatment.

- Pre-certification Medical Form
  The hospital is required to complete a pre-certification medical form outlining details of the medical condition and treatment to be undertaken. We cannot place a guarantee of payment without these two documents, so please ensure that the hospital confirms with you that this has been sent to us. We will verbally confirm that your treatment is covered under the terms of the plan. However, completion of pre-authorisation is conditional on the submission of our guarantee of payment. We will notify you as soon as possible if the condition or treatment required is not covered.

It is important to contact us as soon as possible prior to treatment to ensure we are able to place a guarantee of payment in time. We recommend that you do not delay treatment if a guarantee is not in place at the time treatment is due.

Day Patient and Inpatient Treatment in the U.S.

For those members who benefit from U.S. elective treatment or those eligible to claim accident and emergency treatment outside the area of cover as a direct result of treatment being undertaken in the accident and emergency ward of a hospital whilst temporarily travelling in the U.S. and where the medical condition did not exist prior to travel.

Please check your certificate of insurance to ensure that you have the appropriate cover before travelling to or undertaking any treatment in the USA.
For emergency admissions, the member, the hospital or a family member should contact us to obtain authorisation prior to your leaving the hospital. Failure to notify us of inpatient or day patient treatment will mean that you may only be eligible for reimbursement of a proportion of the costs incurred.

- **Inpatient or Day Patient Treatment in the U.S. Provider Network**
  We have made arrangements with many provider networks in the USA, which mean that costs for treatment at these facilities can be settled directly by us.

  Treatment received within the provider network will be billed to us directly. Our claims department will determine what portion of the invoice is applied to your excess and which portion is payable by us. We will send you and the provider copies of the explanation of benefits (EOB) detailing how the bill was settled and what amount you are responsible for.

  We will notify you as soon as possible if the medical condition or treatment required is not covered by your plan.

- **Inpatient or Day Patient Treatment outside the Direct Settlement Network**
  Treatment received outside the U.S. provider network is subject to limitation and a 50% coinsurance.

### OUTPATIENT TREATMENT

To ensure prompt settlement of claims, please take your claim form with you in order for it to be completed by the treating practitioner or specialist.

#### Outpatient Treatment inside the Direct Settlement Network (outside the U.S.)

For those in the relevant participating countries, we have arranged a direct settlement network enabling members to obtain outpatient treatment (as defined in the certificate of insurance) at a number of selected medical centres where all eligible treatment charges will be paid directly by us.

When seeking outpatient treatment at any of the participating centres, it is important that you present your personal Aetna International membership card to the medical centre/service provider before treatment begins in order to ensure that you are not asked to settle any treatment costs. You may be responsible for paying a per visit copayment to the provider but this will be clearly shown on your membership card.

- Present your Aetna International membership card to the medical centre/provider on arrival.
- Have a second form of identification available should it be required by the reception staff.
- Check the claim form that the medical centre will provide after your treatment and sign it to confirm that you have received the treatment stated.
- Settle any charges made by the medical centre, which relate to either items not covered or ineligible treatment that you may have received.

**IMPORTANT**: Please remember that your Aetna International membership card should not be used to obtain treatment that is excluded from cover.

#### Outpatient Treatment outside the Direct Settlement Network (outside the U.S.)

After paying for treatment, you must submit a claim form to us for reimbursement.

If we require medical information when considering a particular claim, but it is not made available to us, it is your responsibility to obtain this information from your current or previous medical practitioner or specialist, as appropriate.

It may not always be possible to have your claim form completed by your medical practitioner, specialist or dental practitioner. In such circumstances, we will settle the claim, provided that the submitted invoice(s)/receipt(s) for treatment are included and contain all of the following:

- The date of service
- The diagnosis or medical condition being treated
- The treatment provided during the visit
- The charged amount
- The stamp of the facility/provider concerned

If physiotherapy, acupuncture, chiropractic, osteopathic, podiatric or homeopathic treatment is required, please ensure that you include a referral letter from your medical practitioner or specialist with your claim.

Settlement of claims may be delayed if you fail to complete your claim form(s) properly. To ensure prompt settlement of any eligible claims, please ensure that you submit all necessary documents at the time of the claim.

#### One Time Direct Settlement

Exceptions may be made for high cost procedures. In this case, members are required to contact us prior to receiving treatment, in order for us to attempt to arrange direct payment with the medical facility concerned. Please note that not all medical facilities will accept direct payment from us. In these instances, you will be required to settle the bill and submit a claim to us for reimbursement.

#### Outpatient Treatment in the U.S.

For those who have purchased the U.S. elective treatment benefit or those temporarily travelling in the U.S. and claiming accident and emergency treatment outside area cover benefits for outpatient treatment connected with treatment received in the accident and emergency ward of a hospital for a medical condition that did not exist prior to travel.

Please check your certificate of insurance to ensure that you have the appropriate cover before undertaking any treatment in the USA.

Where your policy allows, outpatient services and treatment received within our provider network can be billed to us directly. Prior to seeking treatment, we recommend that you contact our Member Services team who can check the location of your nearest participating provider.

Members are required to show their membership card to the provider who will contact us to confirm direct billing. This may not happen immediately and, should you be asked to pay for the treatment, please ensure you state clearly to the facility that you wish to have your bill settled directly by us, and for them to contact the number on your Aetna International membership card.

Our claims department will process the claim according to the applicable portion payable by us, taking into account your excess and any coinsurance applicable. Once our portion is paid, we will send both you and the provider an explanation of benefits (EOB) with details of settlement and a statement of what you are responsible for.
