Fertility coverage and maternity support

As part of our commitment to women and equity, we designed our fertility coverage and maternity benefits to support members throughout their entire pregnancy journey no matter where it takes them – from family planning to pregnancy to newborn care. That's why your employees:

- Have access to intrauterine insemination (IUI) as a medical benefit for eligible plans. We're proud to be the first insurer to expand and simplify access to this benefit, which members can use as a test of fertility and, in some cases, to increase the chances of pregnancy.³

Unrivaled access to care around the world

In or outside the U.S., between us and our local partners around the world, we have the network, knowledge and expertise to support members across the globe with:

- More than 2 million providers across the U.S. and 200+ countries and territories with direct pay arrangements, which means they send the bills to us to take care of directly
- Anytime, anywhere virtual care through our worldwide telehealth services
- Lower-cost care options through MinuteClinic® locations in the U.S.⁴
- 100% coverage with no deductible and no coinsurance for care outside the U.S.⁵

If members use providers outside of our network, they may have to pay the full cost at the time of the service and then submit claims online for reimbursement.

The MinuteClinic benefit

MinuteClinic is a medical clinic offering convenient, high-quality medical care for a variety of illnesses and minor injuries in adults and children 18 months and older. They are:

- Found in hundreds of locations in CVS Pharmacy® and Target® stores
- Open seven days a week including nights
- Staffed in person or virtually with nurse practitioners and physician assistants who screen, diagnose and treat patients; and, in many locations, licensed mental health practitioners available to provide counseling for depression and anxiety

¹CVS Health Virtual Care, Talkspace and Meru Health are only available in the U.S.

²The Global Maternity Program powered by Maven will be available to Aetna Ascent plans that go into effect or renew on and after January 1, 2025.

³This updated coverage policy begins nationwide on September 1, 2024 for many plans and will be effective on a rolling basis for most plans on renewal.

⁴Includes select MinuteClinic services. Not all MinuteClinic services are covered. Please consult benefit documents to confirm which services are included. Members enrolled in qualified high-deductible health plans must meet their deductible before receiving covered non-preventive MinuteClinic services at no cost share. However, such services are covered at negotiated contract rates. This benefit is not available in all states and on indemnity plans.

⁵Not applicable for Cayman or U.S. territories. 100% coverage includes no deductible and no coinsurance for care received outside of the U.S.; other coverage limits apply.
