Medical Plan Caveats

This plan includes coverage for women's preventive health benefits to the extent required under U.S. federal law effective beginning with plan years starting on or after August 1, 2012.

Coinsurance Limits, also known as payment limits, apply per individual on a plan year basis. The deductible met and those out-of-pocket expenses resulting from the application of a payment percentage may be used to satisfy the payment limit. Copays, benefit penalties and 50% items are excluded from the payment limit. Also excluded from the coinsurance limit are those amounts which providers not in an Aetna network may charge as costs above Reasonable & Customary charges. Providers who are not part of an Aetna network may invoice you directly for amounts they charge which are above negotiated rates. These amounts will not apply toward your coinsurance limit.

There is cross-application between plan year deductible, out of pocket maximum and lifetime maximum across overseas, in-network and out-of network level of benefits.

Coverage maximums up to a certain number of days/visits per plan year are reached by combining the Preferred and Non-Preferred benefits up to the limit for either one plan or the other, but not both. (Example, if the Preferred benefit is for 120 days and the Non-Preferred benefit is for 120 days, the maximum benefit is 120 days, not 240 days).

Maternity expenses are covered as any other medical expense. Coverage is provided for an employee and spouse and all female family members.

For contracted hospitals, the non-contracted Radiologist, Anesthesiologist and Pathologist (RAPS) are paid at the preferred level, and will be subject to reasonable and customary charges. Note that this payment method may apply to other providers.

Benefit maximums per Plan year are calculated between 01/01/2019 and 12/31/2019.

Pre-Existing Conditions:

- Option: Option 5 (No Restriction)
- > On Effective Date: Pre-existing condition limitation is waived on the effective date.
- After Effective Date: Pre-existing condition limitation is waived after the effective date.
- Pre-Existing Conditions is waived for dependents under age 19.

When receiving treatment within the United States, you are strongly encouraged to use Aetna network providers. An Aetna customer service reprehelp you identify doctors, hospitals, clinics, pharmacies, and other contracted network providers for you to consider. These network providers have converted to provide medical services and supplies at a reduced fee called the negotiated charge. This is how Aetna is able to control medical costs for its and keep premiums affordable. Your deductibles, copayments, and payment percentage will generally be lower when you use participating network providers. You may choose to use non-contracted providers, however your out-of-pocket costs will then generally be higher. If you receive treatment of providers that have not contracted with Aetna, Aetna will only pay the amount that they would have paid if a network provider had been used. In oth Aetna will not usually pay the full amount charged to you by a non-network provider. Since out-of-network providers have not agreed to accept Aetna charge as payment in full, they may bill you for the difference between what they bill and the "in-network" negotiated amount that Aetna actually pages of the RESPONSIBLE TO PAY FOR THESE EXCESS OUT-OF-NETWORK CHARGES EVEN IF YOU HAVE ALREADY SURPASSED YOUR PLAN YEAR DEDUCTIBLE AN POCKET MAXIMUM EXPENSE LEVELS since your deductibles and out-of-pocket maximums apply to in-network costs.

This is only a brief summary of the PPO Medical benefits available. Some restrictions may apply.
