Reimbursement for Providers Outside of the U.S.

If, acting reasonably, we determine that any central bank or relevant government or governmental authority imposes an artificial exchange rate (including without limitation an exchange rate which is inconsistent with the free market exchange rate) in relation to a relevant currency for any reason, we may in our sole discretion reimburse you for your valid claims pursuant to this agreement for treatment in such country in any manner we may reasonably decide. In making such determination we shall seek to ensure that, in keeping with the fundamental basis of any contract of insurance, we indemnify you for your loss (subject to the terms and conditions of your policy) but do not unjustly enrich you as may have been the case had we applied such artificial exchange rate to pay you in another currency.
