Home page

- Clean, succinct top navigation makes it easy to move around the site
- Members see relevant information about services available to them
- Easy access to begin the request a visit process from home page

Request a visit – basics

- Member selects the state they will be in for the visit and the visit type

Why don't I see all my dependents (or family members)?

Individuals 18 years of age and older need to create their own account in order to complete their medical history, enter personal information, and request visits with a provider.

1. Consult Details ▶ 2. Billing Information ▶ 3. Review & Submit

Request a Consult

Welcome, Elizabeth Jones A Teladoc Physician Is Waiting To Help You.

If this is a **medical emergency**, please dial 911 or go to your nearest medical facility immediately.

Who is this consultation for?*

Elizabeth Jones

Where will you be located during this consultation?*

Pennsylvania

Consultation Type*

General Medical

Request a visit – basics (cont.)

- Members may optionally provide a reason for the visit
- Members may choose to have a visit 'as soon as possible' or schedule an appointment
- Next, the member selects either phone or video
- If the member selects a video visit, they will be prompted to test their computer to ensure it supports video. Members may elect to do this at a later time, if they will be joining from a different device

Reason for Visit

Cough, ongoing

Consultation Method*

Phone Video

When would you like the doctor to call you back?*

As soon as possible Scheduled Appointment

Do you want to choose a doctor, or see the first available doctor?*

First available Select a doctor

Test Your Video Capabilities*

For the best video experience, we suggest you use your mobile device and Teladoc app. If you do not have access to a mobile device, you may use your personal computer. If you are using your personal computer, your device must **pass** the Test Your Video Capabilities in order to request a video consult.

Not all computers support video consults. If your computer's video test is unsuccessful, please use a device that can complete a successful test or if phone consultations are available, you may elect to change your request.

TEST NOW

Scheduled General Medical visits

- If a member chooses a scheduled appointment the member may choose a scheduled visit to occur within 48 hours

When would you like the doctor to call you back?*

As soon as possible Scheduled Appointment

Do you want to choose a doctor, or see the first available doctor?*

Education
MD

About Carole
Carole Romasco, MD, FCCP, is a graduate of George Washington University Medical School. She trained in internal medicine at the University of Oregon Health Sciences (UOHS) and pulmonary critical care medicine at UOHS and the University of Southern California. Romasco has been practicing since 1976, the last 12 years in Washington, D.C., at the Washington Hospital Center, selected as one of the top 100 hospitals in the United States. Romasco's practice specializes in the care of critically ill and injured postoperative patients. Romasco's interests also include end-of-life issues, advanced directives, and furthering organ procurement. Romasco is also a clinical associate professor of medicine at George Washington University Medical School and is a fellow in the College of Chest Physicians...

Contact information

- Members then provide contact information and answer where they would have gone if Teladoc were not available
- The member is prompted to indicate a pharmacy, in case an Rx is prescribed

Terms Of Service

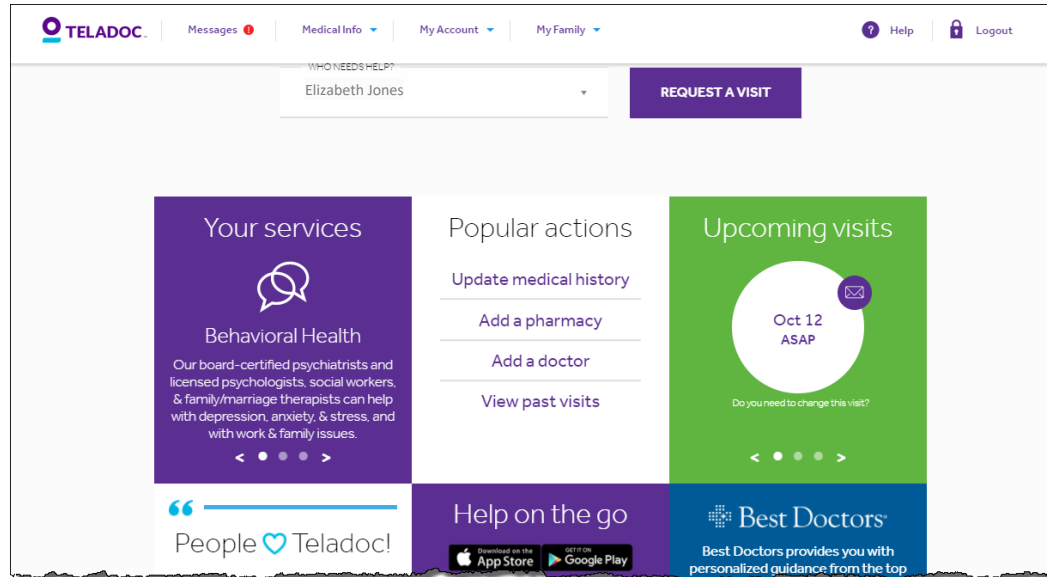

- I agree that I must disable my anonymous call blocker feature on my phone (*87). To disable anonymous call blocker from my land line, I must dial *87 on my telephone. I understand that for instructions on how to disable anonymous call blocker from a mobile phone, I must refer to my mobile carrier. If I do not disable this feature and the doctor cannot reach me, my consult may be cancelled. I understand the doctor will make three attempts to reach me, and after the third attempt, my request for a consult will be cancelled at no charge.
- I understand there is no guarantee the doctor can or will prescribe medication. Teladoc does not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. I agree that the pharmacy information above is correct and current for this consult. I understand that prescriptions cannot be written for international consultations.
- I understand Teladoc does not replace the primary care physician. Teladoc physicians reserve the right to deny care for potential misuse of services.
