# Using this Benefits Schedule

Some words and phrases have specific meanings, we've highlighted them in bold print and you'll find their definitions in your Handbook.

This Benefits Schedule details the plan benefits available under the core Aetna Summit plan. The plan sponsor may also be able to add and remove benefits, and increase or decrease benefit limits to enable them to custom-build a solution that's right for them and their business.

## Before you're treated

It's important you request our approval before you receive treatment for the following treatments and services:

- Medical evacuation
- Inpatient or daycare treatment admission
- Psychiatric treatment
- Prescription for more than three months' supply of drugs for a chronic medical condition
- Single **treatment** or service that costs more than 500 USD or equivalent

If you're unable to ask for approval because it's an emergency, you or someone on your behalf must let us know about the emergency within 24 hours.

### Your deductibles

#### **Annual excess**

An annual excess applies to Aetna Summit 1750. This is the total excess each member needs to pay towards claims in the plan year and applies to all benefits, except where explicitly stated.

#### **Outpatient coinsurance**

We'll apply your level of outpatient coinsurance, as shown on your Certificate of Insurance, to outpatient claims. Once the total amount of outpatient coinsurance you have paid in a plan year reaches the maximum amount, you won't have to pay any more outpatient coinsurance.

#### **Dental coinsurance**

We'll apply our dental coinsurances to dental claims under the dental benefits only. See 19 Dental treatment.
