

# Aetna Vision<sup>SM</sup> coverage

## See the world

Your Aetna Vision<sup>SM</sup> coverage, part of your Aetna International plan, helps you get the care you need to have healthy eyes and vision. Your vision coverage includes:

### Routine eye exams

It's important to get your eyes examined regularly to make sure your vision is healthy and to check for signs of other health conditions like high blood pressure or diabetes – even before symptoms appear. Your plan includes a routine eye exam, check your plan documents for specific coverage and frequency details.

### Glasses and contact lenses

If eyewear benefits are included with your vision coverage, you may have a set dollar allowance for the purchase of eyeglass lenses, frames or contacts. Check your plan documents for details.

### Aetna Vision<sup>SM</sup> discounts in the U.S.

When you're in the U.S., you also have access to discounts on eye exams, eyewear and even LASIK surgery. Your plan documents will have details on how to access these discounts.

### Find a provider and get your exam today!

In the U.S., log in to [Aetna.com](https://www.aetna.com) to search for a vision exam provider near you. Out of the U.S., you can see any provider you choose and then submit for reimbursement of covered expenses.
